### BOSTON NATIONALS IN NEW HANDS

Ward and Gaffney Take Charge of Their New Property-Bigger Grounds to be Secured-Club's Playing List Looks Good as It is.

Ecston, Dec. 19.—The Boston National league baseball club passed officially into new hands today, and the coming season James E. Gaffney, a well-known New York business man, and John M. Ward, the famous player of the New York nine twenty years ago, will direct its affairs and endeavor to have the team finish in something better than last place, which it has occupied for several years.

The reorganization was effected through the purchase by Messrs, Gaffney and Ward of the stock of the late William H. Russell, and at the annual uncetting Mr. Ward was elected president and Mr. Gaffney was chosen treasurer. The club retained the services of Peter Keljey, who has acted as secretary and clerk, while the new board of directors includes the three officers and Todd Russell, son of the late president, and Fred E. Murphy of this city.

iste president, and Fred E. Murphy of this city. President Ward said, after the meeting, that an effort would be made at once to secure larger grounds, but that there would be few changes in the club, as he believed that it had good material.

WENDELL MAY BE HARVARD FOOTBALL CAPTAIN

Election Probably This Afternoon-Thirteen Players to Vote.

The election of Harvard's football captain will, in all probability, take place this afternoon at 1 o'clock, as an-nounced by Capt, Bob Fisher Monday Two members of the team will be unable to be present, but they will

unable to be present, but they will vote by proxy.

Doc Leslie, the husky guard, on Monday was operated en for appendicitis very suddenly, and was taken to his home in Milton. He was reported as resting comfortably, but will not be out for some time, and for this reason it was deemed advisable not to postpone the election.

BESSIE HAMMOND NAGEL

one of the first girl motorcycle riders in the state, and besides holding rec-crds in that section of the country for trips to nearby towns, she can ford streams, climb hills, cut through new-ly graveled roads and lease the other motorcyclists of her city a merry pace. But the motorcycle has played an even more important part in her life Bud Smith, the end, has been away Four years ago she took her first ride

# FINANCIAL AND COMMERCIAL.

STOCKS WITHSTAND ATTACK. Stubborn Resistance to Renewed At-

tempt to Depress Prices. New York Dec. 19 .- Stubborn resistance was offered in the stock mar-ket today to a renewal of the attack which depressed prices yesterday. The bears had the Wabash receivership to neip them. They were influenced as well by the large amount of profit takmade with the Vulcan deep ring waffle fron, for gas range use. Usual price two dollars, our price one dollar. Selling gas is our business, distributing appliances is mearly a "means to an end." The Vulcan cake griddle cooks cakes in a matchless manner, price enly one dollar. The new Crane toaster makes "in a jiffy," incomparable golden-brown toast. 15c gets one, golden-brown toast. 15c gets one.
Gas Ranges, Water Heaters, Hot
Plates and Tubing, all of highest quality and at prices that will surprise
you.

among standard issues were email. In
the last half of the day there was a
creeping recovery, and toward the
close a spirited buying movement elevated some of the speculative favdrites
a point or more above the previous
day's final prices.

day's final prices.

Interest centered in the course of the Wabash securities at the opening, although no violent declines were expected, since Wall street was too well acquainted with the road's financial condition to be taken off its guard by the appointment of a receiver. There was no excited trading in these issues. The declines of the common and preferred stock and the four per cent, bonds ranged between one and two points. The common stock touched points. The common stock touched 5 3-4, the lowest price since 1897, and the preferred 14 1-2, the lowest in three years. The bonds fell to 50. The statement that arrangements had been made for payment of the interest on the bonds on Jan. 1 led to heavy buying of these securities, which rose to 53 1-2, a gain of 2 1-2 on the day. Both classes of the steck made partial recoveries. It was believed that the ultimate effect of the Wabash receivership on the general market would be good. as it would remove one element of doubt and furnish the best medium for the solution of the company's long standing difficulties. In this instance the word receivership, usually dreaded in the financial world, was deprived of its ominous sound, and traders who attempted to utilize the recurrence as

a bearish factor found that it reacted against them. United States Steel, after remaining quiescent yesterday, resumed its advance today and touched 69 1-4, an vernight gain of 11-2, and the highest price since September. Lehigh Valley's ecent advance to the accompaniment of reports of a possible extra distri-bution to stockholders was halted. The

stock was sold heavily and lost nearly a point. A number of specialties made good gains. Business was active and broad in the bond market. Price movements were mixed. Total sales, par value, \$4,525,-000. United States bonds were un-
